www.riwaglo.com

Health Benefits of Miracle 21 Juice

Moringa

Moringa is exceptionally rich in Vitamin C, contain high levels of nutrition and can be an important source of many essential nutrients. It is rich in minerals, vitamins and other essential phytochemicals

Alfalfa

Alfalfa is high in Vitamin K and contain many other nutrients like Vitamin C, Copper, Manganese and Folate. Health benefits of Alfalfa includes its ability to lower Cholesterol level, reduce inflammation and treat gastrointestinal issues.

Dandelion

Dandelion is a very rich source of beta-carotene which we convert into vitamin a. This flowering plant is also rich in vitamin c, fiber, potassium, iron, calcium, magnesium, zinc, and phosphorus. It's a good place to get b complex vitamins, trace minerals, organic sodium, and even some vitamin d, too. Dandelion also contains protein, more than spinach. Dandelion acts as a mild laxative that promotes digestion, stimulates appetite, and balances the natural and beneficial bacteria in the intestines.

Mangosteen

Mangosteen is low in calories yet provides many essential nutrients and offer many other health benefits due to its rich supply of nutrients, fiber and unique anti oxidants. The vitamins and minerals in mangosteen are important for maintaining many bodily functions, including DNA production, muscle contraction, wound healing, immunity and nerve healing.

Sea Buckthorn

Sea Buckthorn has multiple uses due to its protein building amino acids, Vitamin B1, B2, K, C, E, A and folic acid, over 60 anti oxidants, and health fatty acids. The fruit is full of Carotenoids, Xanthophylls, and flavonoids, too. Its an absolute powerhouse of nutrients and acts a strong antioxidant.

Ginkgo Biloba

Ginkgo's health benefits are believed to come from its high antioxidant and anti-inflammatory properties. It may also increase blood flow and play a role in neurotransmitters in the brain operation. The therapeutic properties of the ginkgo plant are said to include treatment of blood disorders and memory problems, enhancement of cardiovascular function and to improve eye health. Ginkgo contains high levels of flavonoids and terpenoids, antioxidants that provide protection against oxidative cell damage from harmful radicals

Acai Berry

Acai Berries have a unique nutritional profile for a fruit, as they are somewhat high in fat and low in sugar. Acai berries have an incredibly high number of antioxidants, edging out other antioxidant rich, help prevent arthritis, inflammation, erectile dysfunction, obesity, heart disease and cholesterol.

Pomegranate

Pomegranate has anti-oxidant, anti-viral, anti-tumor properties, and is said to be good source of vitamins, especially Vitamin A, Vitamin C, and Vitamin E, as well as folic acid. It contains two compounds –Punicalagin and Punicic acid which gives it all the potent benefits. Pomegranate is a powerful anti-inflammatory because of its concentration of antioxidants. It can help reduce inflammation through out the body and prevent oxidative stress and damage.

Nano Curcumin

Nano Curcumin is the active ingredient of turmeric. The story of curcumin starts with the story of turmeric's absorption in the body. Turmeric is an important edible and medicinal herb which has been used since centuries to treat diseases like arthritis, pain, bruises and eye problems, gastrointestinal problems, worms, swelling, cancer and many more. Curcumin a nontoxic active ingredient in turmeric is responsible for its characteristic color, odor and therapeutic antioxidant and anti-inflammatory properties.

Health Benefits of Miracle 21 Juice

Ginseng

Ginseng is believed to restore and enhance wellbeing. It is one of the most popular herbal remedies. Ginseng may help stimulate physical and mental activity in people who feel weak and tired.

Tulsi

Tulsi is an important herb and has many medical applications. Tulsi is used in the treatment of various diseases. Basil plants and its various parts are used in case of insect bite and, fever, cardiac diseases, gynecological disorders, respiratory problems and skin disorders etc.,

Milk Thistle

Milk Thistle is often promoted for its liver-protecting effects. Milk thistle was also found to have antioxidant and anti-aging effects on human skin cells. The herb is believed to prevent or treat high cholesterol, diabetes, heartburn, upset stomach (dyspepsia), hangover, gallbladder problems, menstrual pain and depression.

Shilajit

Shilajit is a health rejuvenator that improves sexual stamina and also improves energy levels. This helps manage chronic fatigue, tiredness, lethargy and fatigue due to diabetes. Shilajit is known to improve the testosterone level and enhance male fertility. It is also beneficial in anemia and memory loss.

Safed Musli

Musli commonly known as safed musli is a rare Indian herb and also a popular magical folk remedy that has immense healing properties. Famed for its powerful aphrodisiac and adaptogenic effects, this herb is extensively used in all types of healing procedures, be it ayurveda, siddha, Unani, homeopathy or Chinese medicines for boosting libido, curing sexual weakness, treating erectile dysfunction, impotence, relieving stress, reducing inflammation and many more

Grape Seed

Grape's seed are rich in antioxidant which protect against oxidative stress, tissue damage and prevent disease. Grape seeds are rich in antioxidants, including phenolic acids, anthocyanins, flavonoids, and oligomeric roanthocyanidin complexes. Grape seed contains many essential compounds such as tannins, epicatechins, oligomeric procyanidins and catechins. Furthermore, grape seed extract also contains vitamin e and linoleic acid.

Brahmi

Brahmi may be useful in managing anxiety due to its anxiolytic (anti-anxiety) property. It may reduce the symptoms of anxiety and mental fatigue while increasing memory span. Brahmi may also prevent neuroinflammation (inflammation of the nervous tissue) which is responsible for anxiety. Brahmi may be useful in managing age-related memory loss due to the presence of antioxidants. It may reduce the damage caused because of free radicals and enhance learning and retaining potential in older people.

Shatavari

Shatavari is a prized herb in ayurveda used for thousands of years as a female reproductive tonic. Helps overcome fatigue, promotes physical and mental health, and supports and rejuvenates the body post-delivery. The phytoestrogens help in restoring hormonal balance in women who have fluctuating hormonal levels due to menstruation and menopause, alleviating pre-menstrual and menopausal symptoms.

Brahmi

Beetroot contains nitrates, meaning they boost our body's levels of nitric oxide. Nitric oxide - agas already naturally occurring in the body - tells our blood vessels to expand, increasing bloodflow and lowering blood pressure. Beetroots have an excellent nutritional profile that includes plenty of essential vitamins, minerals, and antioxidants. They also contain unique bioactive compounds called betalains, which may benefit a person's health.

Health Benefits of Miracle 21 Juice

Triphala

Triphala is Most Commonly Known For Its Use As A Gentle Bowel Tonic, Being Helpful in Digestion and Supporting Regular Bowel Movements. The Combination Of The Three Fruits has A Synergistic Effect To Bolster Many Other Systems As Well. Triphala Contains Compounds With Antioxidant, Anti-inflammatory, Antibacterial and Antidiarrheal Properties.

Arjun Chal

Arjuna bark powder protects the heart due to its cardioprotective property. It helps in the proper functioning of the heart by strengthening the heart muscles. It also has anti-hyper tensive property that helps reduce the levels of high blood pressure. Arjuna is a well-known herb that helps manage heart functions.

Banaba

Banaba might reduce blood sugar and help the body use insulin more efficiently. Banaba has been used for medicinal purposes. It is thought that Banaba extracts can help with endocrine health, weight management, and even blood pressure. Banaba leaves can neutralize free radicals due to their high content of antioxidants

Health Benefits of Miracle 21 Juice

- Rejuvenates the Body Restores
- Restores Energy
- Releases Stress
- Stimulates Immune System
- Improves Digestion
- Enhances Well-Being
- Regulates Cell Function
- An effective Anti-Oxidant
- Assists in fatigue and weakness

The herb is believed to prevent or treat high cholesterol, diabetes, heartburn, upset stomach (dyspepsia), hangover, gallbladder problems, menstrual pain and depression .

Dil Seed

Dill seed acts as a laxative and improves the functioning of your digestive system, cleansing your bowels and improving its functioning. It secretes juices that help improve the digestion of heavy foods, helping the body absorb nutrients easily. It can help treat gastrointestinal diseases, kidney disease, loss of appetite, liver and gallbladder problems, urinary tract ailments.

Health Benefits

Marsh Mallow

Marshmallow leaf and root are commonly used to treat stomach ulcers, diarrhea, constipation, swelling of the stomach lining, and pain and swelling of the mucous membranes that line the respiratory tract. Marshmallow forms a protective layer on the skin and lining of the digestive tract. It also contains chemicals that might decrease cough and help heal wounds by decreasing inflammation.

Amlakai

Amlaki, Rich In Fiber Content Can Be Excellent In Flushing Out Toxins From The Body, Regulating Digestion, Keep The Gut Working Fine And Fight Off Constipation. This Helps You Lose Weight A Little Faster. Amlaki Is Helpful For A Wide Variety Of Health Problems, Improving Healthy Functioning Of The Liver, Heart, Brain, And Lungs.

Ganoderma

Ganoderma can boost immunity, fight fatigue, improve memory, increase energy stamina, lower cholesterol, reduce inflammation, relieve stress, reverse the aging process, and stimulate circulation. Ganoderma is also touted as a top source of antioxidants.

Health Benefits

Tulsi

Tulsi is Very Important Herbs And Has Many Medicinal Applications. Tulsi is Used In The Treatment Of Various Diseases. Basil Plant And Its Various Parts Are Used In Case Of Insect Bite, Fever, Cardiac Diseases, Gynecological Disorders, Respiratory Problems, Skin Disorders, etc

Wheatgrass

Wheatgrass is an excellent source of many different vitamins and minerals. It is especially high in vitamins A, A and E, as well as iron, magnesium, calcium And amino acids. It contains 17 amino acids, eight are considered Essential, meaning your body cannot produce them and you Must obtain them from food sources .

Pudina

Mint possesses soothing and cleanses properties. It prevents inflammation in the stomach, cleanses the palates and promotes the process of digestion. Mint is known to effectively boost the performance of the liver. Owing to the presence of nutritional essential oils and properties such as relaxing and soothing, mint is a highly beneficial herb to enhance the liver strength.

Health Benefits

Giloy

Guduchi (Tinospora Cordifolia) is known as Queen of All Herbs. Giloy is very beneficial in improving digestion and treating bowel-related issues. Possible health benefits include relieving nausea, loss of appetite, motion sickness, and pain.

Black Pepper

Compounds in black pepper – especially its active ingredient piperine – may protect against cell damage, improve nutrient absorption, and aid digestive issues. The spice also has vitamin C, vitamin A, flavonoids, carotenes and other antioxidants that help remove harmful free radicals and protect the body from diseases. It is rich in vitamins and minerals such as copper, magnesium, calcium, iron, phosphorus, vitamin C, B2, and B6. It also has substantial quantities of fiber, which is essential for good digestion.

Ginger

Ginger is among the healthiest (and most delicious) spices on the planet. It is loaded with nutrients and bioactive compounds that have powerful benefits for your body and brain.

Pippali

Pippali also maintains liver and kidney health. It purifies the blood and is a potent antioxidant agent. It has components that are known to protect the liver. It can make sure that the liver toxicity is always managed, and it also prevents jaundice from occurring.

Health Benefits

Aloe Vera

Aloe vera ancient records have shown the advantages of aloe vera which is known for centuries having its therapeutic benefits and healing properties existing over 4000 years. Aloe vera also called ghrithkumari in Hindi is a species of plants from the aloe genus that grows well in tropical regions. Aloe vera leaves are where the majority of the active ingredients are located. For thousands of years, Aloe vera plants have been used in medical practices, and the extract of this plant is extremely potent. The most important components of the leaves of this plant are saponins, amino acids, beta-carotene, vitamin C, vitamin B, vitamin E, lignans, and other minerals and enzymes.

Soya Beej

Soya Beej are rich in antioxidants that cleanse the body and flush out free radicals. The presence of Fibre in soya beans is extremely helpful in treating various digestive problems. It regulates the digestion process and cleanses toxins from the body. People suffering from constipation and bloating must add soya bean to their diet.

Nagarmotha

Nagarmotha powder is useful to manage various health issues like obesity, indigestion and worm infestation. The Deepan (appetizer) and Pachan (digestive) properties of Nagarmotha helps to reduce Ama (toxic remains in the body due to improper digestion) which is a prime cause of obesity and other digestive disorders.

Health Benefits
